

BEYOND RE

MARKETING

NEW Important information for Video Services:

$\frac{2}{3}$ of the time involved in creating a cinematic film is utilized in post-capture editing and encoding. With that stated, Post-completion edits requests are expected, but limited.

So, please note the guidelines below regarding your Film order:

- You will have up to 7 days from receiving the video to make any edits. After that there is a \$100 fee to retrieve the video from online storage. We only keep the video for editing for up to 30 days from delivery.
- You will have 2 free edits (other than any mis spelling on our part) that must be requested within the first 7 days. Any further edits will be charged \$100 per hour (Minimum)
- We will provide you with a Branded and Unbranded video link so that you can add both to MLS.
- If you wish to have that video cut down for a Social Media edit there is an extra charge for that depending on the time you want the edit to be.

Thank you for you understanding and hope
you enjoy your finished video!
